

I am sending at the request of my local K-LOVE radio station. I know that the station is Ada, Oklahoma is a traslator to this area. The station is certainly an asset to this community. I would have never found this station if it were not for the people at my Church talking about it all the time. We do have another local Christian radio station in the area, but it does not place any of the upbeat and wonderful music that K-LOVE plays. AND I get more music on K-LOVE that the other christian station. They are always preaching or selling goods. I adore K-LOVE because it is listener supported and they aren't selling anything on the air every five minutes! PLEASE DO NOT TAKE MY K-LOVE AWAY!
